WORK EXPERIENCE

Graphic Designer

Smartpress (The Bernard Group) / Jul. 2017 - Present

I work as a customer facing graphic designer at Smartpress, which is a sister company at The Bernard Group. My daily responsibilities include working with users from Smartpress.com as well as companies that partner with Smartpress for their printing needs such as M Health Fairview, Waxing the City, Anytime Fitness, and The North Face to name a few. Along with balancing customer orders, I also work with our internal marketing team on marketing campaigns.

Paginator / Graphic Designer

Southwest News Media / Aug. 2012 - Jun. 2017

Main obligations included sending three different weekly papers to press on time. I worked with editors, writers and advertising sale individuals to make sure pages were ready for print. Another daily requirement was color correcting photos to match printer standards. I was also the primary designer for Simply North, a quarterly magazine distributed in northern Minnesota.

Graphic Designer

Associated Builders and Contractors Inc. / Oct. 2011 - Present

I work with ABC to complete a multitude of design projects. My main responsibility is designing a newsletter every two months, which requires me to layout content, advertisement and occasionally create in-house ads. I am required to do photo correcting/editing, client corrections and then send the final newsletter to the printer. Some other projects I have worked on for ABC include:

- Logos
- Direct Mail postcards
- Event Flyers
- Course Registration templates
- Manuals
- Web banners
- Brochures
